R0011 – REPORTING OF ADDITIONAL EMR BACKING DATA TO SUPPLIERS

BY GEMMA DIXON

1 PURPOSE

This paper provides the Technical Expert Panel with an overview of the document provided to it with respect to R0011 – "Reporting of Additional EMR Backing Data to Suppliers". It clarifies the determinations required to be made by the Technical Expert Panel Members.

2 BACKGROUND

R0011 has been raised to improve the information provided to EMR parties to enable them to perform validation of their invoices and credits without the need to request additional supporting information. The associated Market Message will be structured and named in line with the actual output of Settlement systems to make it simpler to reconcile the data.

The Preliminary Change Report has been provided for Committee decision by the Technical Expert Panel, on the 24 November.

The Preliminary Change Report sets out the proposed solution, the case for change and the "minded to" recommendation of the Code Manager on whether the Change Proposal should be approved or rejected.

The Technical Expert Panel is asked to consider the content of the document provided. Members are asked to determine whether they approve the Preliminary Change Report and the progression of the Change Proposal to industry Consultation.

3 COMMITTEE ACTIONS

Committee Members are invited to take the following actions:

- **REVIEW** the Preliminary Change Report for R0011; and
- **APPROVE** the Preliminary Change Report produced by the Code Manager and the progression of the Change Proposal to consultation.
