4 REVIEW OF THE SECURE DATA EXCHANGE PORTAL

The Code Manager presented a paper on a proposed Review of the Secure Data Exchange Portal (SDEP). The review is intended to provide a better understanding of how the SDEP is used by industry parties.

The Code Manager explained that the proposed approach for the SDEP Review would be for a SDEP User questionnaire to be released in January 2022, with follow up workshops being held in

February 2022. Following this, findings will be reported back to the TEP and the Change Panel. The group had no comments.

5 HUMAN READABLE DATA SPECIFICATION UPDATE

The Code Manager shared an updated proposed format for the display of Market Messages within EMAR for comment. The group gave positive feedback on the proposed format and the Code Manager will continue to develop this.
