I0205 – PROVISION OF HALF-HOURLY CONSUMPTION DATA FOR ADVANCED METER ERRONEOUS SWITCHES

BY JAMES HARDY

1 PURPOSE

At the Change Issues Group meeting on 07 August 2025, the Code Manager will provide an update on the progress of I0205 and will ask for attendees to assist with the solution refinement ahead of the upcoming consultation.

As part of this update, the Code Manager will explore the outcomes of the impact assessment and present a. The purpose of this paper is to inform attendees of the latest developments on I0205 and to outline the intended focus of the Change Issues Group discussion.

2 PARTY IMPACT ASSESSMENT SUMMARY

On 20 June 2025 the Code Manager issued an impact assessment to industry to seek feedback on the proposed solution for I0205. The Code Manager will use these responses to assist with the solution refinement of the Issue. A summary of responses received are listed below:

- **General Support but a need for refinement:** The majority of respondents supported the Change, but solution refinements suggestions were made. One respondent did not believe the change was required as they deem the current process to be working appropriately. Overall, responses acknowledged that the proposed solution serves as a necessary interim measure until a more enduring, automated solution (expected to be via Elexon's Kinnect Insight Platform) becomes available.
- **Concerns Raised**: Concerns were raised about HH data availability, manual data handling, and the feasibility of a November 2025 implementation.
- **Template and SLA Preferences**: Preferences varied between two reporting templates; most respondents agreed to the 5-working-day SLA, though some suggested extending it.
- **Benefits**: Respondents noted potential benefits of improved billing accuracy and positive Consumer outcomes.

3 DISCUSSION POINTS FOR THE CHANGE ISSUES GROUP

To assist with the solution refinement, we would like to discuss the following aspects of I0205 with Change Issues Group attendees:

- The Proposed SLA Obligation for Energy Suppliers and Legal Drafting
- Reporting Template Requirements
- Required Lead Time(s) and Implementation Approach

If you have any additional areas, or points of consideration, you would like the Code Manager to include in the discussion, please share these through contacting the Lead Analyst or via the REC Service Desk ahead of the meeting where possible.
