METER PRODUCT UPDATE

BY APRIL HARBOUR

1 PURPOSE

This paper invites the RECMEP to approve changes to the REC Meter Product Data (MPD).

2 FEBRUARY 2025 CHANGES

REFERENCE	Description
MDP2025_026	Add 1 Meter Products

For full details of the changes, please see Attachment 1 (MPD2025_026).

The following table provides an overview of the Meter Product fields validated and the Code Manager's comments for MPD2025_026.

The Code Manager received this change request, following identification from the Change Proposer of a meter product installed, that had not been added to the Meter Product Data tables, therefore this is a retrospective change to add the Meter Product, to allow the Meter to undergo registration.
